The former paid his fine but the negro is putting in time on the streets.

Letter to J. D. Minor.

Ocean Springs, Miss.

Dear Sir: The cheapest thing in the way of sending anything over the world is a postage stamp; and the cheapest way to shed water is paint.

Not whitewash paint. Do you happen to know it don't belong to your business to know about paint you know—do you happen to know that most of the makers of paint spit it out with time and clay and sand and water and air.

They do stuff it out in the can; but not on the house. They make more callous to sell or to buy; more money to pay for paint; more to pay for putting it on; a good deal more money to pay for putting it on; but no more beauty; more rust; decay; disappointment; loss.

Reveal your paint, because it's all paint, no sham and full-measure.

Yours truly,
F. W. DEVOY & Co
